Loan Request Form

Insured's Name	Policy Number
Owner's Name (if other than insured)	

Please process a loan on the above contract. Send check in the amount of \$

The current interest rate charged on the loan is ____%.

To the best of my knowledge there have been no assignment, or legal action taken/pending that would restrict the above request. If there is an assignment, assignee signs below.

Recommendations:

- Determine if the amount being requested is equal to or less than the maximum loan available. This information is available through your advisor or Member Services at the Home Office. If necessary, additional paperwork may be required.
- If paperwork is being completed by Power of Attorney or Guardian, additional forms are required.
- Loan repayments are strongly encouraged to rebuild values for future use. Loan repayments could prevent the contract from terminating in the future. This may occur if the loan, due to interest charges, would increase enough to exceed the cash value of the contract. It's also possible a taxable gain would have to be reported if the contract terminates.

At minimum, pay at least the loan interest every year to keep the loan from increasing!

Title

TAXPAYER IDENTIFICATION NUMBER AND WITHHOLDING INSTRUCTIONS

IN GENERAL

The federal income tax law may require us to withhold federal income tax from the payment that you requested. This is explained more fully below. In reading these explanations, you should keep in mind that the taxable income portion of any payment from an annuity is not "interest income", but rather is "other taxable income."

By January 31 of next year, you will receive a statement from us showing the taxable portion of the payment, if determinable from our records, or the full amount of the payment, and showing the total of any income tax withheld during the year. You can take the amount of any tax withheld as a credit for taxes paid when you file your income tax return.

BACKUP WITHHOLDING ON INTEREST INCOME

If the payment you have requested includes any taxable interest income, we must withhold Federal Income Taxes at a rate of 20% of the interest if you have not provided us with your Taxpayer Identification Number (TIN) or if the IRS has notified us that your TIN is incorrect. If that is the case, we are sending an IRS Form W-9 along with this form. If you do not want us to withhold, please complete, sign and return the Form W-9 when you return this form. We will not withhold in respect to taxable interest if we have not sent you a Form W-9 with this form. (Generally, an individual's TIN is his or her Social Security Number.) If you do not have a Taxpayer Identification Number you may apply for one through your local Social Security Administration or IRS office using this Form SS-5.

ELECTIVE WITHHOLDING ON OTHER TAXABLE INCOME

If the payment you have requested includes any taxable income other than interest income, we must withhold federal income tax unless you tell us not to withhold or unless the taxable income is under \$200. If we withhold, withholding will only apply to the portion of your payment that is included in your income subject to Federal income tax. Thus, for example, there will be no withholding on the return of your own nondeductible contributions to the contract. If we withhold, we will withhold at the rate of 10% of the amount of taxable income in your payment.

You may elect to avoid withholding by checking the "I do not wish to have Federal Tax Withheld" box.

If you elect to avoid withholding, or if you do not have enough Federal income tax withheld from your payment, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient.

SIGNATURE INSTRUCTIONS

SIGNATURE BY OWNER -

Owner must sign name as it appears in the contract. The signature of a woman who has married since the contract was issued should add her present surname to her name as it appears in the contract.
